IICA Agriculture Workshop

August 2, 2006 - The ACM will be collaborating with the Inter-American Institute for Cooperation on Agriculture (IICA) in the staging of a workshop aimed at improving the quality of reporting food and agriculture issues.

The workshop will be in the first week of October in Nassau and we hope to find journalists in at least 14 Caribbean countries who have a background in covering such issues and are keen on improving their knowledge and skills in this area.

For this reason, we are asking interested persons to submit a four-paragraph summary of the aims of the Jagdeo Initiative to: acmmail@gmail.com by August 15, 2006. DO NOT SUBMIT TO THIS LISTSERV.

Please also send full contact details and the media house you currently supply stories to. Preference will be given to print journalists, but broadcast journalists may also apply.

Please do not reply to the list with any questions about this activity. Submit all queries to acmmail@gmail.com.
